

May 2015

(updated 5/4)

This is the class schedule from now until the end of the school year. In order to finish the novel we are reading, I decided to allow The Hobbit to count for Outside Reading this 9 weeks. Because of this, it is fair to expect that some of the reading will be done outside of school. Please be sure you are keeping up with the class even when you are out. If you would still like to do another book for Outside Reading, it will be Extra Credit for the 9 weeks. Audio is available on the iPad for all students and available on Learning Ally without Internet for dyslexic students. Feel free to work ahead.
